Be future-ready

Rally Bar 2 is built to be your meeting room standard for years to come. With next-generation processing power, this device excels today and is prepared for tomorrow's AI-driven meeting experiences.

See the details

Get the best view of everyone in the room with a 1" image sensor and an ultra-wide 115° FOV. The camera's AI-powered RightSight 2 technology optimizes participant framing for more productive person-to-person interactions.

Hear everyone clearly

Embedded mics and AI-powered Right Sound 3 isolate voices and eliminate background noise for remote participants. A tuned 4-speaker system maximizes clarity so in-room participants hear every word.

One bar, many spaces

By supporting PC, Android, and BYOD modes, Rally Bar 2 provides the versatility IT needs to confidently scale video deployment across the enterprise.

Easily connect additional cameras and mic pods using Logitech Link, an AV-over-IP technology for Logitech devices.

Fast to setup, easy to scale

Rally Bar 2 is designed to be installed quickly and easily by a single person with included wall mount. Easily service the video bar with a mount that pivots 90° for instant access to ports and cables.

Manage Rally Bar 2 with Logitech Sync to easily configure, monitor, and update the device. Rally Bar 2 also provides actionable insights on environmental and occupancy room data.*
